Where do I obtain services?

For complete benefits you must select from a list of participating providers for the center most conveniently located near you.

Non-Participating Doctors:

If you are out of the area, or prefer to select a non-participating eye care doctor, you need to pay their exam fee. However, you can still save on the cost of materials by mailing or taking your prescription form to the nearest participating optical outlet.

How do I receive services?

Simply call the VISION PLAN participating provider location you selected for an examination appointment. Your prescription, obtained from either a participating provider, or non-participating provider, can be filled at your convenience without an appointment at any of the participating locations.

Who is eligible?

You and your dependents are eligible, including children under the age of 26.

When do services begin?

Those who enroll before the 20th of the month will have services beginning on the 1st day of the following month. Those enrolling after the 20th will have services on the 1st of the second month.

Member Fees:

You pay only the cost of exams, lenses, frames, and contact lenses, outlined in the brochure, or 20% off existing everyday low prices. Non stated or excluded services and materials are payable at the Participating Providers normal or usual and customary rates less 20%. All such payments are made directly to the Participating Provider when services are received.
